Your donation to Spitex Medimex

Preserving people's quality of life matters greatly to us. Some people depend on additional support – health insurance or public funding may cover services only in part.

With your commitment, you help Spitex Medimex give people in particular need and in difficult circumstances the support and care they require. We are grateful for every donation and every legacy, and thank you warmly.

How to donate

- **With your smartphone:** scan the QR code in the payment part with your banking app and enter the amount yourself.
- **At a post office counter or by payment order:** detach the payment part and receipt along the lines, then fill in the amount and your address by hand.
